Home Digital Landline (Voice) Services

Ogi's digital landline (voice) services are charged monthly on a 30-day rolling basis. Prices valid from 05 January 2026.

Evening + Weekends	Anytime	Voicemail
£5.00	£10.00	£2.00

Digital Landline Basics

Service	Price
Ogi Voice Activation	[Included as part of standard or enhanced installation charges]
Number Porting (in)	£0.00
Number Porting (out)	£0.00

Plans include 3,000 minutes a month. This fair usage limit is based on the volume of calls that is reasonably expected of a person using the service for domestic purposes. Any calls outside these packages, if allowed, will default to the advertised amount for destination. A minimum 30-day term applies.

You can find price per minute charges in our 'summary of charges'

Damaged or Unreturned Equipment

You'll need to return your router(s) to us, as they are owned by Ogi. Your Optical Network Terminal (the little box inside your house where the fibre terminates) will stay at your home, unless you'd specifically like us to remove it.

Unreturned Hardware Costs

These are the charges for any hardware that isn't returned to us at the end of the contract (or if you end the contract early with a contract buy-out scheme).

Hardware (Equipment)	**End of Contract Cost**	**Early Termination Cost**
Zyxel EX3301	£30.00	£60.00
Zyxel WX3100	£30.00	£60.00
eero 6	£40.00	£129.00
eero 6+	£60.00	£229.00
eero 7	£60.00	£229.00
Power Cable	£10.00	£10.00

When you return equipment, we'll arrange this through our partner DPD. You'll receive a link and need to provide your Ogi customer reference and a unique returns reference number that we'll provide. You can then drop the parcel off free of charge at a time to suit you at any DPD UK drop-off point.

Damaged Hardware Costs

These are the charges for any hardware that is damaged by you resulting in your service being disrupted and a replacement being issued. * Refurbished items are tested thoroughly and work 'as new' but may have small signs of wear and tear.

Hardware (Equipment)	**Refurbished *** (delivered)	**New** (delivered)
Zyxel EX3301	£15.00	£65.00
Zyxel WX3100	£15.00	£65.00
eero 6	£50.00	£129.00
eero 6+	£80.00	£229.00

Downgrading Services

If you’d like to downgrade your package, you’ll be charged the difference in the remaining term fees of the old package vs the new package. You’ll keep your existing hardware.

Here are a couple of examples that you can use as a guide only. Please refer to your contract price or contact us for more information.

Downgrade	Monthly difference	Example
500 to 250	£10.00	14 months remaining = 14 x £10.00 = £140.00 charge
1Gig to 500	£10.00	5 months remaining = 5 x £10.00 = £50.00 charge
1 Gig to 250	£20.00	7 months remaining = 7 x £20.00 = £140.00 charge

Call-out charge

If you’re out of contract and an Ogi Engineer visit is needed, or if you’re in contract and we can’t find a fault with your service, you may be charged £60.

Cancellation

If you decide to cancel the service within the 14-day cooling-off period and the installation has already taken place, you’ll need to pay the cost of the installation, which is £60. Hardware must be returned in good and full working condition.

Ending your contract

If you end your contract whilst you’re still within your contract period, you will be charged for the remaining term of the contract. This means if you cancel at the end of month 7 of a 12-month contract, you will be charged for the 5 months you have remaining until the end of your contract. Hardware must be returned in good and full working condition.

Late Payment charge

You’ll need to pay the total outlined in your bill monthly as outlined above as well as in your Order Confirmation and our General Terms and Conditions for Home Customers.
Where payment isn’t made in accordance with these terms, we might charge a late payment fee of £10.

Paper Bills

Bills will be available digitally by default and you will be emailed a PDF bill each month. If you’d like a Paper Bill, at an additional cost of £2 a month, please speak to our Customer Care team on 029 2002 0550.

We also offer bills and key materials in accessible formats free of charge. Again, please speak to Customer Care for details.

Returning Equipment
When you return equipment, we'll arrange this through our partner DPD. You'll receive a link and need to provide your Ogi customer reference and a unique returns reference number that we'll provide. You can then drop the parcel off free of charge at a time to suit you at any DPD UK drop-off point.

Upgrades
Upgrades are changes to your package (e.g. 150 to 300 or 900). Extras such as additional routers, speed boosts, or Ogi Voice are classed as add-ons.

If you're at or out of contract, any upgrade or downgrade will start a new agreement. During your contract, you can either increase speed using your existing equipment or start a new contract and receive new hardware. Any unused hardware must be returned in full working order.
